

PRESSURE STEAMERS

HP SERIES: PORTABLE ELECTRIC POWERED, DIESEL FIRED

HYDRO TEK.US

EXCEPTIONAL HEAT OUTPUT FOR STUBBORN GRIME

PRESSURE STEAMER

HOT/COLD/STEAM - PORTABLE, ELECTRIC POWERED

HP
SERIES

■ High Heat / High Flow System:

The ultimate balance of heat and flow increases your cleaning power providing a consistent superior performance. Uniquely designed with Hydro Tek schedule 80 coils and Auto ignition for peace of mind & ease of operation. High capacity diesel burner with higher temperature rise for faster cleaning.

■ Stainless Steel Coil Housing & SS Inner wrap:

Lifetime corrosion resistance, inside and out - unmatched coil protection, double wall protected to contain the intense heat from the burner providing optimal long life and performance.

■ Auto Start and Time Delay Shutdown:

Operator has total control over the system from the trigger gun. This added convenience not only saves time and effort, it reduces wear of the pump and produces an energy efficient system that outperforms the traditional manual on/off.

■ All Stainless Steel Frames and Panels:

Not just decorative flashes, these rugged and durable panels offer lifetime corrosion resistance and protection of your valuable investment from the harshest environments. Keeps your machine looking like new for years to come. Quick connects provide easy removal for full access to all major components and the Ultimate in serviceability.

■ Adjustable Temperature with Steam Setting:

Front mounted controls allows quick and easy adjustments of temperature and steam settings with higher heat than comparable washers for your toughest cleaning applications.

■ NEMA4 – Water Tight Control Panel:

ETL certified to UL1776 Class 2, for use in wash-down area, exceeding Industry standards. Special Hydro Tek control box features easy to use controls and provides instant access to electronics.

■ CAT Ceramic Plunger Pump:

These Industrial triplex pumps outperform the competition in longevity. Featuring concentrically bored & polished, graphite impregnated ceramic plungers with advanced seal design.

■ 7.5 Diesel Tank with filtration:

Heavy Duty "roto-molded" rust free fuel tank with water separating fuel filter to protect against contaminated fuel. Extended run time (up to 5 hrs) eliminates interruptions.

■ Portability:

HP Series comes standard with four large tires mounted on stainless axles and two lift handles.

■ More Standard Features...

Downstream injection, Quick Release Nozzles, Heavy Duty Industrial Motor with standard thermal overload protection. Top Quality Unloader offers operator full pressure and flow by pulling the trigger. Adjustable temperature up to 250°F with steam setting. Burst Disc Technology for operator safety. 50' of heavy duty 250° rated high pressure hose and stainless adjustable pressure wand.

Specifications

Model	PSI	GPM	Temp.	HP	Voltage
HP20005E8	2000	4.3	250° F	6.5	208/230v - 1ph
HP21004E2	2100	3.5	250° F	5	208/230v - 1ph
HP22005E2	2200	4.3	250° F	6.5	230v - 1ph
HP28004E2	2800	3.5	250° F	6.5	230v - 1ph

Specifications may vary, consult factory for custom models

Optional Accessories:

Stainless Steel Hose Reel, Turbo Nozzle, Hydro Twister concrete cleaner, Wet Sandblast Assembly, Hose and Wand Extension
